Re: Past Due Account # 1234 5678 9876 5432

Dear Yosemite Community College District,

In spite of numerous requests for payment, your account remains seriously delinquent. While we have valued your past business, we are forced to terminate the fringe benefits that the Yosemite Faculty Association has provided you since 1978. Unfortunately, your account will remain under Pay-in-Full (PIF) status and immediately closed.

All fringe benefits, either in the form of unpaid work requested by the YCCD and/or volunteer efforts previously provided by the YFA, will immediately cease. Unfortunately, your Free Institutional Credit Option (FICO) will be negatively impacted until an acceptable credit score has been reestablished.

We are confident that you understand our need to make this business decision since providing considerable free labor causes us deficit spending.

If you rebuild your FICO score to a satisfactory level, you may reapply with the YFA for limited fringe benefits. Due to your past history of non-payment, however, it would begin under "probationary status" only.

Sincerely,

Yosemite Faculty Association
