Faculty Survey to Inform Negotiations

Even though issues to be negotiated next academic year have already been agreed upon between the District and YFA, YFA will send out a faculty survey in the fall to gauge faculty interests for future negotiations.

MJC Parking Permits

It was announced at College Council that MJC will be implementing an online system for purchasing parking permits. More information should be forthcoming from Administration.

YFA Officer Compensation & Summer Work Proposal

This proposal was approved on its second reading. These changes require an amendment to Appendix B of the YFA Bylaws. Once these changes have been made faculty members will need to vote to ratify them. You can expect to see an online ratification ballot in your email shortly.
